

SEYSAM

EUROPEAN INDUSTRIAL EQUIPMENT
SOURCING & SUPPLY

COMPANY PROFILE

EQUIPMENT FOR CRITICAL APPLICATIONS

Your trusted partner for high-quality
industrial equipment.

KEY INDUSTRIES

OIL & GAS

PETROCHEMICAL

CHEMICAL

ABOUT SEYSAM

FOCUSED ON SOURCING DRIVEN BY ENGINEERING EXPERTISE.

SEYSAM is a European sourcing partner specializing in industrial equipment for critical applications in the oil and gas, petrochemical, and chemical industries.

With a strong engineering background and a deep understanding of process requirements, we connect qualified manufacturers with end users by providing reliable, high-quality equipment that meets international standards.

Our approach combines technical know-how, quality-focused sourcing, and a commitment to long-term partnerships. We provide our clients with the right solutions - on time, every time.

OUR BASE – YOUR ADVANTAGE

Based in Germany, we operate worldwide through a strong network of qualified manufacturers and partners.

EUROPEAN EXPERTISE. GLOBAL SOLUTIONS.

EXPERTISE

Engineering-driven sourcing ensures the right solution for your requirements.

QUALITY

High-quality equipment from trusted manufacturers.

RELIABILITY

Reliable products, on-time delivery, and responsive communication.

GLOBAL PARTNERSHIPS

Connecting manufacturers and customers worldwide from our base in Europe.

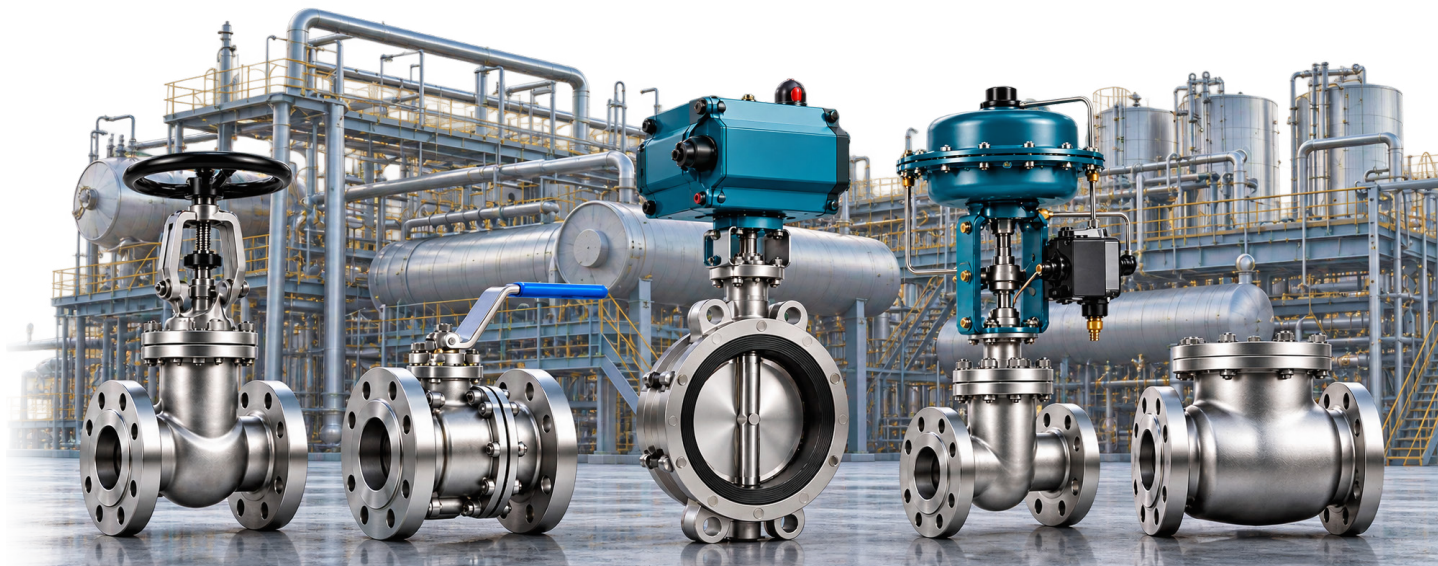

VALVES & FLOW CONTROL

RELIABLE. PRECISE. BUILT FOR PERFORMANCE.

We supply a comprehensive range of industrial valves and actuation solutions for on/off and modulating applications.

- ✓ Wide Range & Configurations
- ✓ International Standards Compliance
- ✓ High Quality & Long Service Life
- ✓ Engineering Support & Reliable Delivery

MANUAL & CHECK VALVES

- Gate Valves
- Globe Valves
- Ball Valves
- Butterfly Valves
- Check Valves
- Plug Valves
- Diaphragm Valves

ACTUATED VALVES

- Pneumatically Actuated Valves
- Electrically Actuated Valves
- Hydraulically Actuated Valves

CONTROL VALVES

- Linear Control Valves
- Rotary Control Valves
- Severe Service Control Valves

ACTUATION & AUTOMATION

- Actuators
- Positioners
- Limit Switch Boxes
- Gearboxes
- Filter Regulators
- Pneumatic Flow Control Valves
- Solenoid Valves

Valve and actuation solutions can be supplied in various materials, sizes, pressure classes, and configurations in accordance with applicable international standards. Additional types are available upon request.

Germany (Supplying globally)

INSTRUMENTATION

ACCURATE MEASUREMENT. RELIABLE CONTROL.

We supply a comprehensive range of instrumentation solutions for monitoring, measuring, and controlling critical process parameters.

- ✓ Precise & Reliable Measurement
- ✓ Application-Specific Instrument Selection
- ✓ Diagnostics & Verification Options
- ✓ Engineering Support & Reliable Delivery

FLOW MEASUREMENT

- Coriolis Flowmeters
- Electromagnetic Flowmeters
- Vortex Flowmeters
- Turbine Flowmeters
- Ultrasonic Flowmeters
- Flow Computer Systems

PRESSURE MEASUREMENT

- Pressure Transmitters
- Differential Pressure Transmitters
- Pressure Gauges
- Pressure Switches

LEVEL MEASUREMENT

- Radar Level Transmitters
- Guided Wave Radar Level Transmitters
- Ultrasonic Level Transmitters
- Hydrostatic Level Transmitters
- Vibronic Level Switches
- Capacitance Level Switches

TEMPERATURE MEASUREMENT

- Industrial Thermometers
- Temperature Transmitters
- Temperature Switches
- Thermowells
- Compact Thermometers

Instrumentation solutions can be supplied in various materials and configurations in accordance with applicable international standards. Additional types are available upon request.

PUMPS

ENGINEERED FOR YOUR PROCESS.

We supply a comprehensive range of industrial pump solutions for demanding process applications.

- ✓ Application-Specific Pump Selection
- ✓ High Efficiency & Process Reliability
- ✓ Robust Designs & Long Service Life
- ✓ Engineering Support & Reliable Delivery

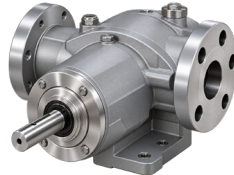

CENTRIFUGAL PUMPS

- Magnetic Drive Pumps
- Canned Motor Pumps
- Mechanically Sealed Pumps
- Single-Stage & Multistage Pumps
- Horizontal, Vertical & In-Line Pumps

POSITIVE DISPLACEMENT PUMPS

- Gear Pumps
- Multi-Screw Pumps
- Progressing Cavity Pumps
- Double-Diaphragm Pumps
- Rotary Lobe Pumps

VACUUM PUMPS

- Liquid Ring Vacuum Pumps
- Dry Screw Vacuum Pumps
- Dry Claw Vacuum Pumps
- Rotary Vane Vacuum Pumps

ACCESSORIES & SPARE PARTS

- Mechanical Seals
- Couplings
- Bearings
- Wear Parts

Pump solutions can be supplied in various materials, configurations, and design options in accordance with applicable international standards. Additional types are available upon request.

PROCESS SAFETY

PROTECTING PEOPLE. SECURING PROCESSES.

We supply a comprehensive range of process safety equipment designed to protect your systems, support regulatory compliance, and minimize risk in critical applications.

- ✓ Reliable Protection of People & Plant
- ✓ Pressure, Vacuum & Explosion Protection
- ✓ Compliance with Applicable Standards
- ✓ Engineering Support & Reliable Delivery

SAFETY VALVES

- Spring-Loaded Safety Valves
- Pilot-Operated Safety Valves
- Conventional & Balanced Bellows Designs

PRESSURE & VACUUM RELIEF VALVES

- Pressure Relief Valves
- Vacuum Relief Valves
- Combined Pressure/Vacuum Relief Valves
- Pressure/Vacuum Relief Valves with Flame Arrester
- Emergency Relief Valves

FLAME ARRESTERS

- Deflagration Flame Arresters
- Detonation Flame Arresters
- Liquid Detonation Flame Arresters
- In-Line Flame Arresters
- End-of-Line Flame Arresters

 Process safety solutions can be supplied in various materials and configurations in accordance with applicable international standards. Additional types are available upon request.

YOUR REQUIREMENTS. OUR EXPERIENCE.

RELIABLE SOURCING FOR CRITICAL INDUSTRIAL APPLICATIONS.

With more than 15 years of industry experience and a strong technical background in process engineering, we understand the technical and operational demands of critical industrial applications—from day-to-day plant operations to new installations, expansions and modernization projects.

Whether we supply directly to plant operators and end users or work with engineering companies, EPC contractors, and other project partners, we understand what matters: clear specifications, reliable documentation, responsive coordination, and dependable delivery. Together with a network of qualified manufacturers, we source and supply equipment that meets each customer's technical, commercial, and operational requirements.

**LET'S DISCUSS YOUR
NEXT PROJECT.**

15+

YEARS OF INDUSTRY EXPERIENCE

- PROCESS INDUSTRY KNOW-HOW
- PROJECT & SUPPLY EXPERIENCE
- END-USER PERSPECTIVE
